MUHAMMAD SOHAIB IQBAL

Full Stack Developer | React · Node.js · TypeScript · AWS

+92 333 455 1159 | sohaibiqbal3429@gmail.com | Islamabad / Rawalpindi, Pakistan | github.com/sohaibiqbal3429

PROFESSIONAL SUMMARY

Full Stack Developer with 2+ years of hands-on experience building scalable web and mobile applications. Proficient in React, Next.js, Node.js, TypeScript, Express, MongoDB and AWS. Experienced in designing RESTful APIs, implementing CI/CD pipelines, configuring Nginx, and shipping production-ready React Native apps. Skilled in modern AI-assisted workflows using Prompt Engineering (Cursor / Codex). Passionate about delivering clean, performant, and maintainable solutions that solve real business problems.

TECHNICAL SKILLS

Frontend	React, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Responsive Design
Backend	Node.js, Express.js, REST APIs, MongoDB, Authentication & Authorization
Mobile	React Native (Cross-platform mobile applications)
Cloud & DevOps	AWS, CI/CD Pipelines, Nginx, Docker basics, Git & GitHub
Tools & Others	Prompt Engineering (Cursor / Codex), VS Code, Postman, MongoDB Compass, Agile

PROFESSIONAL EXPERIENCE

Full Stack Developer

Chatter Labs · Full-time · Rawalpindi, Pakistan | May 2025 – Present (1 yr 5 mo)

- Developed and maintained multiple production full-stack applications using React, Node.js and Express, focusing on responsive UI and scalable architecture.
- Designed and integrated RESTful APIs with secure authentication, role-based access, and optimized backend performance for production workloads.
- Collaborated closely with frontend architecture and component design to deliver clean, maintainable user experiences.

Backend Developer (Internship)

EZITECH · Internship · Rawalpindi, Pakistan | March 2025 – May 2025 (3 months)

- Built and implemented backend services and REST APIs using Node.js and Express with MongoDB as the primary database.
- Contributed to server-side logic, API design, authentication flows, and robust error-handling practices.

Full Stack Developer (Internship)

PNY Trainings · Internship · Rawalpindi, Pakistan | August 2024 – February 2025 (7 months)

- Built full-stack features using React (frontend) and Node.js/Express (backend), strengthening core JavaScript and React skills.
- Developed responsive user interfaces and integrated them with backend APIs for complete end-to-end functionality.

KEY PROJECTS

Reels Mobile App + Professional Admin Panel
React Native mobile app for short-form video (Reels) with a full admin panel for uploading, managing, and moderating content. Implemented authentication, media handling, and REST APIs.

Lend-Home – Mortgage Calculator Platform
Full-stack mortgage platform built with TypeScript, React, Next.js and Node.js. Features accurate mortgage calculations, complete user flows, and a clean modern UI for home financing tools.

Jornaya LeadID Integration Website
Web application that generates original LeadIDs via the Jornaya API. Handled secure API authentication, reliable data flow, and lead-tracking functionality.

Grip Aid – Road Assistance Website
Professional web platform for road assistance services with responsive design, service request flows, and clear UX optimized for emergency support scenarios.

CRM System
Customer Relationship Management solution with modules for contacts, leads, and activity tracking. Built with React frontend and Node.js/Express + MongoDB backend.

EDUCATION

Associate's Degree – Computer Science
Virtual University of Pakistan | Sep 2024 – Jul 2026

Diploma of Associate Engineering – Computer Information Technology
Punjab Board of Technical Education (PBTE), Lahore | Sep 2021 – Jul 2024
